

**Joint Meeting
of
Planning Board & Historic Business District Commission
to
Review Proposed Landscaping – West Chatham Roadway Project**

At the request of the Board of Selectmen, the Planning Board and Historic Business District Commission will hold joint meetings on **Wednesday, September 21, 2016 at 4:30 PM in the Town Annex large meeting room** and **Tuesday, September 27, 2016 at 7:00 PM in the Town Annex large meeting room** to receive public comment on the landscaping proposed in the 100% design drawings for the West Chatham Roadway project.

- **On Wednesday, September 21st public input will only be taken on the appropriateness (scale, type of materials, and maintenance requirements) of the proposed landscaping,** defined as trees, plants and grass, as shown on the 100% design drawings.
- **On Tuesday, September 27th, public input will only be taken on the appropriateness (scale, type of materials, and maintenance requirements) of the proposed hardscape,** defined as: sidewalk, crosswalk and roundabout treatments, and lighting, as shown on the 100% design drawings.

To allow for the maximum number of residents and interested parties to provide input, each speaker will be limited to 3 minutes. While public input is not limited to these questions, the Board and Commission are interested in hearing from the public about the following:

- Is the proposed landscaping and the hardscape the appropriate type and amount for this project? If not, why and what should be included?
- What maintenance will be required and who will be (or is willing to take) responsible?

A third meeting, on October 19, 2016 at 4:30 PM in the Town Annex large meeting room, has been scheduled for the Board and Commission to prepare their report back to the Board of Selectmen.

Interested parties are encouraged to review the proposed plans in advance of these meetings. The full set of 100% design drawings for the West Chatham Roadway project is available for review in advance of the meeting at the Town of Chatham Department of Public Works, 221 Crowell Road. The landscape and hardscape plans only are available for review at the Town of Chatham Community Development Department, 261 George Ryder Road. Questions or comments about other aspects of the West Chatham Roadway project should be directed to the Department of Public Works.
